'Hotpack Packaging Industries' was established in Dubai, United Arab Emirates, in 1995 as a company for manufacturing, marketing and distribution of different varieties of food packaging materials and related products. Within a limited span of time, company has grown to become one of the leading concerns in this field, because of its reputation for supplying quality products, its reasonable price structure and outstanding service. Now it has branches in U.K, U.S.A, Morocco, Nigeria, Australia, Saudi Arabia, Kuwait, Bahrain, Oman, Qatar, Sharjah, Ajman, Abudhabi, Al Ain, Fujairah, Ras Al Khaimah, and a chain of network in other Gulf, African & CIS countries.

'Hotpack Packaging Industries' provides best quality disposable food packaging materials and its related products in white / clear and coloured plastic, Aluminum, Foam, Paper, Bio-degradable and Protection & Hygiene products, through its own manufacturing units in Dubai Investments Park1-, Technopark - Dubai, Umm Al Quwain, Sharjah, Abu Dhabi, Qatar and India. It also represents other major manufacturing companies worldwide. It's products are packed hygienically in modern and attractive ways, which are designed by its own team of designers and marketed under "Hotpack", "Soft n cool" & "Mapco" brand names to wholesalers, hyper / super markets, catering companies, hotels, hospitals, Govt. departments etc.

'Hotpack Packaging' is managed by a team of dedicated, highly qualified and experienced professionals. It has adopted policies aimed at developing and enriching the potential of each of its employee who serves the business. Its storage and delivery services are guaranteed by team who are available round the clock. It is ready to deal with any urgent requirement.

In view of the increase in the company's client - base and products / services portfolio, its management has decided to further expand its operations by extending its production line in collaboration with the world's best state of the art manufacturing technology providers.

OUR VISION

To be recognized as a premier global brand in the Packaging Industry.

OUR MISSION

Our Mission is to undergo progressive and sustainable growth in International markets, steadily increasing our market share with regional & national targeted campaigns covering our vast product range. Our in-house expertise is fully empowered to offer state of the art technical manufacturing, fine-tuned sales and precise logistics across all key market segments.

Chairman's Message

Firstly, expressing my warm welcome to everyone and regards to our loyal customers and those who corresponds and coordinate with HOTPACK (Majid plastic Group).

As a chairman of the Hotpack Packaging Industries, I am extremely mirthful and it gives me a sense of immense satisfaction and pride in the achievement of which the whole organization has put into. "Esprit de Corps" is the right recipe for our heavenly success.

For us, growth is not only about the numbers. We are here for the long haul, and we are conscious that with the scale of what we do, we can make a difference to economies, communities, and the environment. We consciously strive to improve our economic, environmental and social impact in a meaningful way.

As a company for manufacturing, marketing and distribution of different varieties of disposable food packaging products. We focus on entrepreneurial management, we maintain high standards of performance and accountability of new packaging concepts. Realizing the responsibility on the shoulders of each member of hotpack (Majid group), we endeavor to be one of the most competitive companies in the industry with emphasis of efficiency in the operations, reliability on customers and thrust on discovery and development.

I invite you to explore this site as a gateway into the businesses and relationships we have helped to create and continue to support. You'll discover the many ways that we are applying the knowledge we have been accumulating since 1995.

With God's will, we will achieve the goal of making everyone satisfied and happy with the quality of our services to our valued customers, as sought by the Hotpack group. I am confident that our current success will continue and that our future objectives will be achieved through our dedicated efforts.

I welcome you to be a part of our journey !

I NEVER DREAMED
ABOUT SUCCESS.
I WORKED FOR IT.

-ESTEE LAUDER

OUR VALUES

To continue to be aware of our environmental & corporate responsibility, to generate economic wealth not only for the company but for our employees, their families and those communities in which we operate. In pursuit of our goals, we will make no compromise in complying with applicable laws and highest regulatory standards at all levels.

We strive to supply goods to our customers that fully satisfy their expectations: Reliability in terms of quality and on-time deliveries are vital to our company ethos.

We believe in open communication and in a clear agreement with our customers as well as our employees.

We believe that our employees are vital to determining our future success and as such, from the outset, we carefully select our team members and thereafter invest heavily in training, coaching and evaluation.

We encourage our employees to be passionate not only about the products they manufacture but also about the business as a whole.

A close-up photograph showing a hand holding a piping bag filled with yellow frosting. The frosting is being piped onto a cupcake that sits on a metal wire cooling rack. Several other cupcakes are visible in the background, some already decorated with frosting. The scene is brightly lit, highlighting the texture of the frosting and the ridges of the cupcake liners.

Be Cool and Hygienic

Softⁿ Cool[®]

The Premium Quality Soft Tissues

"Soft n cool" is made of 100% virgin pulp. This makes it very soft without losing its core properties such as strength and absorbency. "soft n cool" is environment friendly too, because the pulp is sourced from well-managed, environmentally sustained forests. Right from the pulp till packing it is 100% touch free to ensure maximum hygiene. We offer you world class quality and real value for money.

BLACK BASE CONTAINER

Hotpack offers an extensive range of black base deli containers in round, rectangular and square shapes for take-out and pre-packaged meals alike. These containers made from polypropylene are microwave safe, dishwasher safe, reusable and recyclable, and can withstand hot temperatures. Available in various sizes with flawlessly matching spill proof lids.

PET CUP

Whether for iced beverages, smoothies, frozen drinks, on-the-go snacks, or parfaits the crystal clear cups give your product the high-end look and feel. Made of crack-resistant PET, these cups have outstanding strength and durability.

DOME LID

PET Dome lids are ultra-clear, rigid, impact-resistant, and visually highlight the color of its contents, it allows the appeal of your food and drinks to shine through.

HIGHLIGHTS

High Clarity, durable, and 100% recyclable

Perfect for cold applications

Large range of products from 1oz to 32oz

Can be customized as per your design

Matching Flat and Dome lids with perfect snap fit closing technology

Easy-to-remove cup inserts help to separate the contents.

We are the biggest STRAW manufacturer in GCC

One cannot imagine a café or juice shop without plastic straws, and they come in different lengths, diameters, wrapped, unwrapped, with and without flexible features etc. Hotpack covers them all in this facility, where we have two dedicated extruders for straw production, and three corrugation machines for manufacturing plastic straws. We produce straws of diameters ranging from 4mm to 12mm, and lengths ranging from 15 cm to 50 cm and more!

Straws are produced in various opaque colors as per customer demand, or striped with 2 color and with flexible features. Paper wrapping facility with 3 color printing also can be done here.

Hotpack is leading the packaging industry as a pioneer & provider of technological solutions, utilising only the very latest state of the art machinery to manufacture the highest quality food packaging material. It has recently expanded its manufacturing base within the UAE by opening a new flexible packaging manufacturing plant in Umm Al Quwain with an area over 260,000 sq. ft. as well as running a new custom designed Injection-Molding plant spreading over 100,000 sq.ft located in Abu Dhabi operating since December 2016.

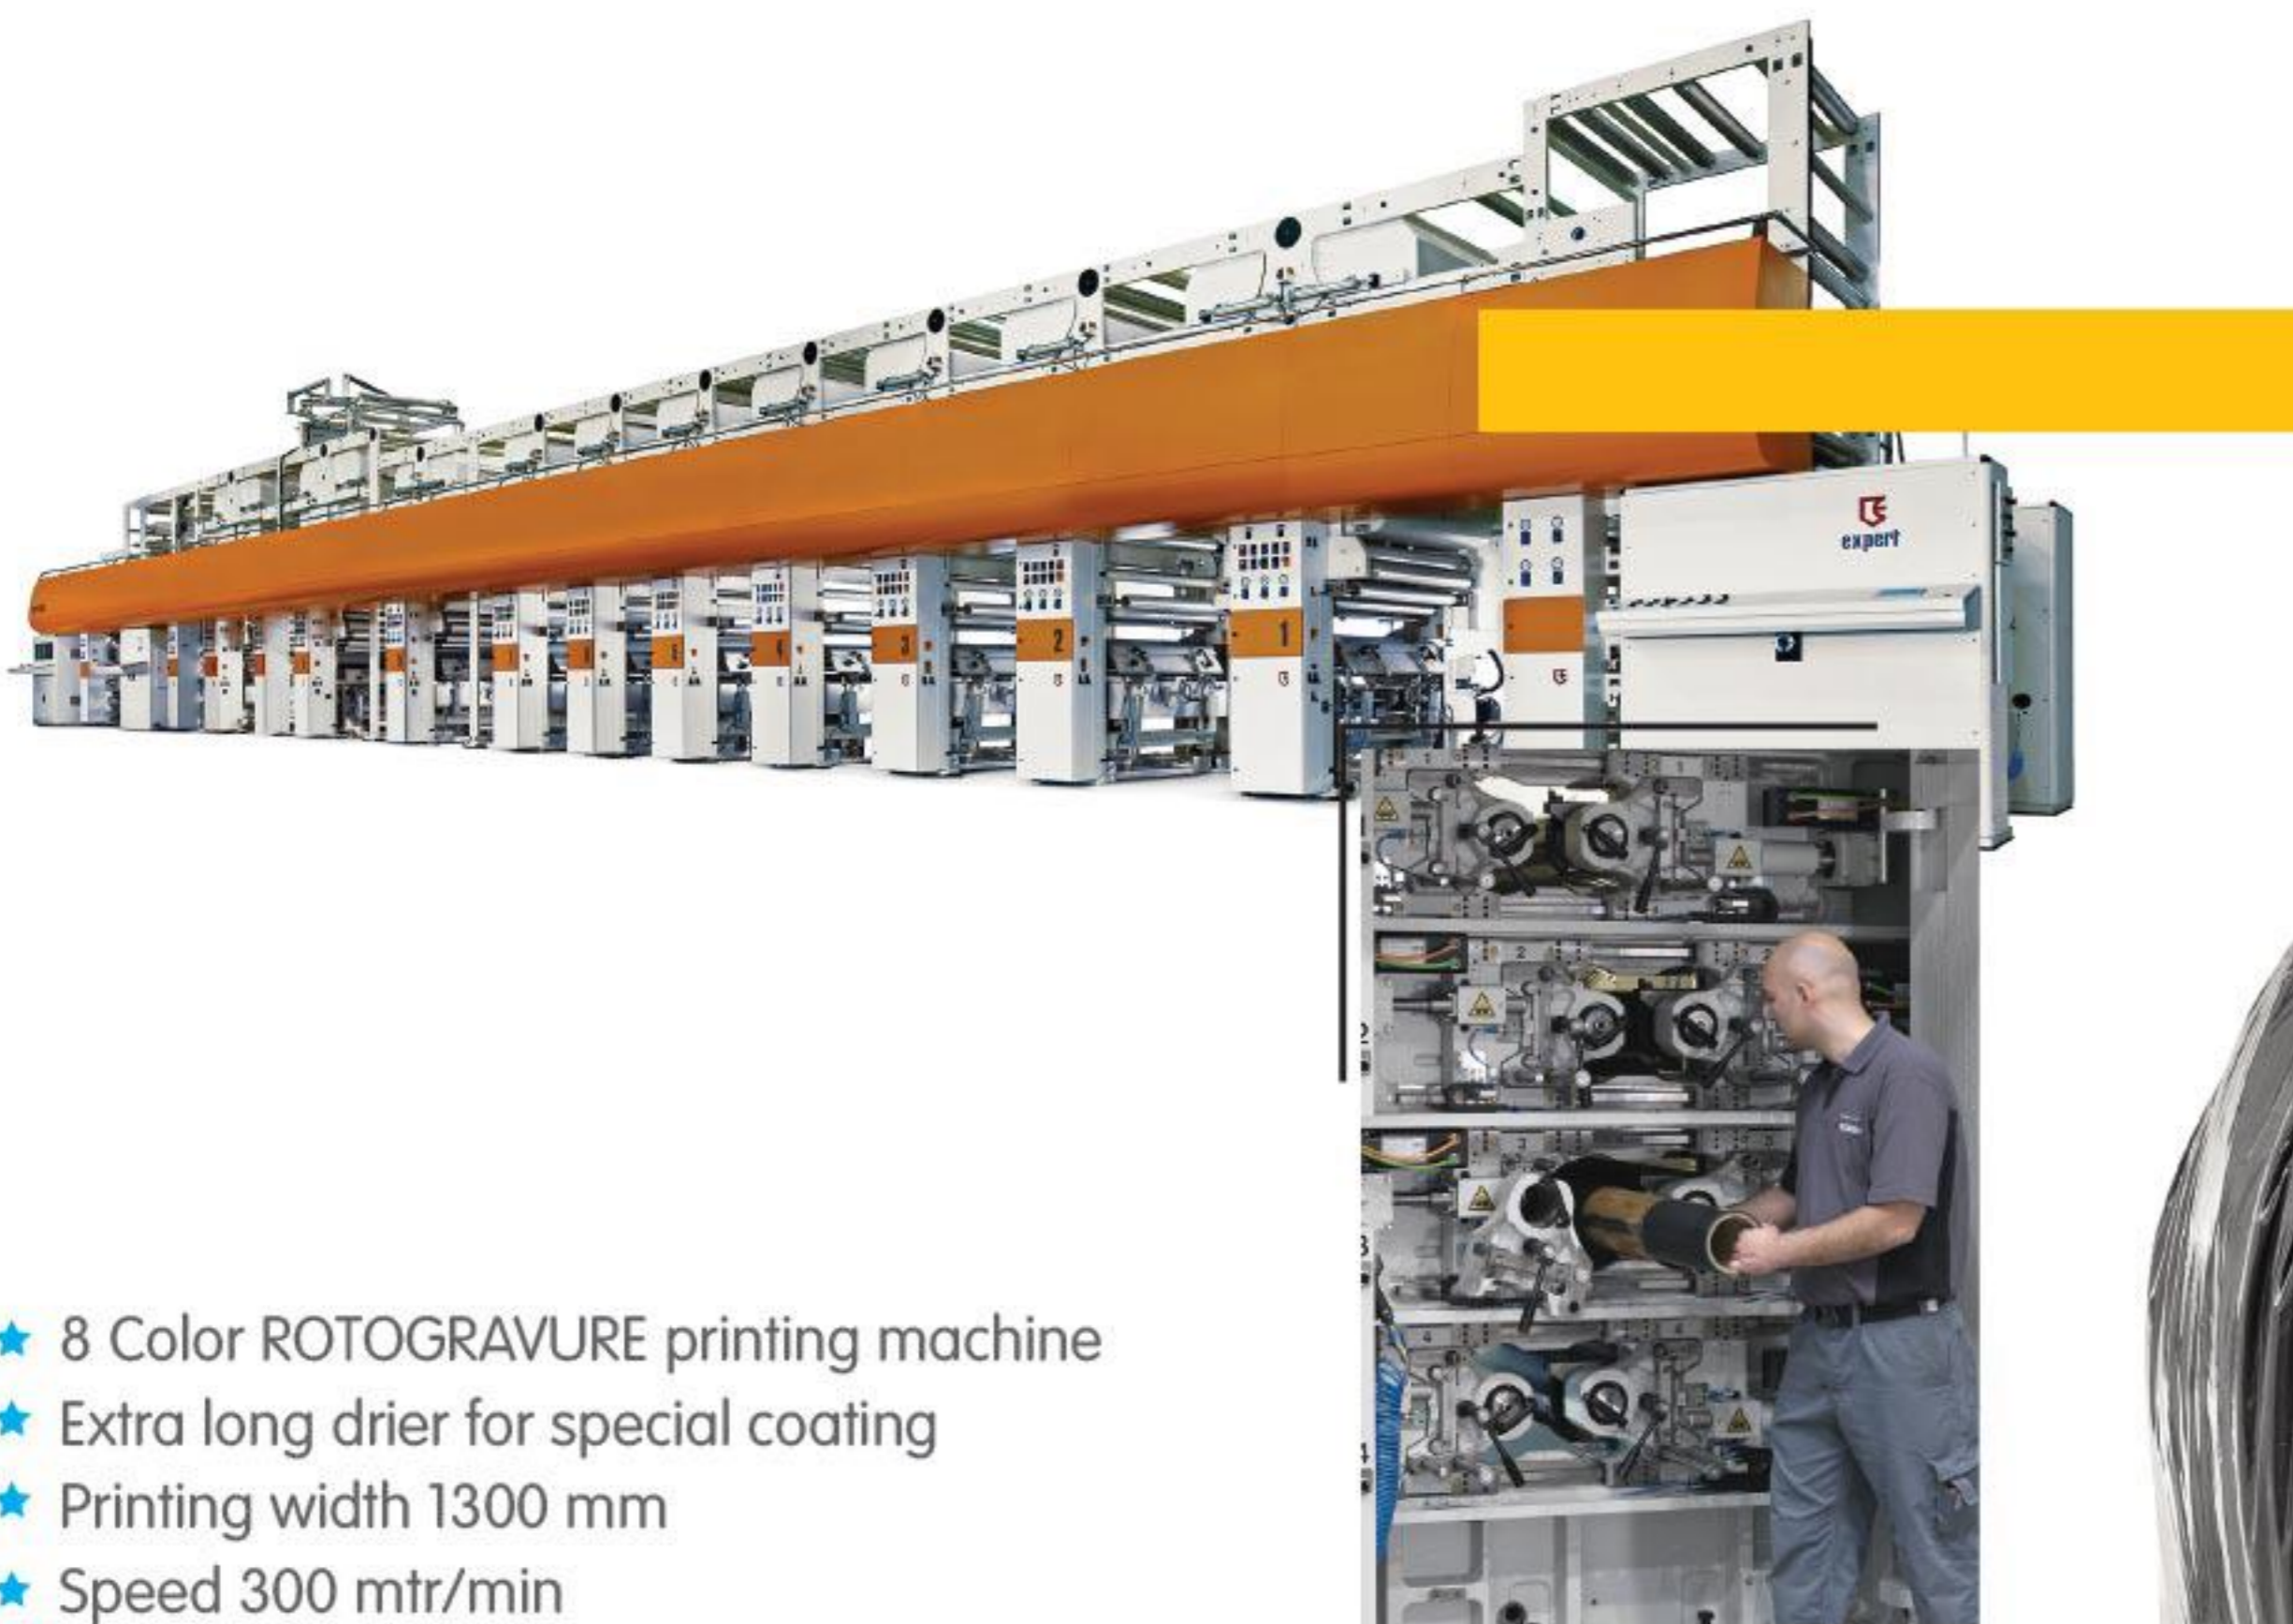

Hotpack packaging Industry is now on the verge of completing construction of a mammoth manufacturing facility in TechnoPark, Dubai. Located along the Sheikh Zayed Road South and close to Dubai Parks & Resorts arena, this building, due to open in January 2018, would surely be recognized as an iconic one among the manufacturing giants and would be one of the largest buildings of its kind in the UAE . Once completed, it will cover 460,000 sq. ft. of dedicated manufacturing floorspace with an unmatched warehouse height of 23 metres.

Hotpack's Flexible Packaging Division produces a wide range of flexible packaging goods from raw materials including BOPP, CPP, PET, LDPE, NYLON, BLISTER FOIL, ALU FOIL, TWIST WRAPPER, OPP wraparound labels, PAPER PE, PAPER FOIL. This Division provides both gravure and flexo printed films along with laminates to a variety of specifications covering many key packaging requirements including biscuits, confectionery, chocolates, ice cream, snacks, pasta, instant fruit drinks, milk powder, tomato paste and ketchup, mayonnaise, dates, tea, coffee, spices, soaps, detergents, personal care products, etc.

No compromise is made anywhere in the entire conversion process. The raw material is sourced from the internationally reputed suppliers to ensure that the end products are in line with the very best of international standards. The Quality Control Department monitors the tightest of quality parameters, checking the entire process from the inbound arrival of raw materials, through all of the production stages, right until the packaging and final dispatch of the goods.

As one of the largest packaging manufacturers in the Middle East, Hotpack Packaging Industries is unmatched as an internationally certified and professionally managed company in the field of flexible packaging and caters well to the demanding requirement of a wide spectrum of multinational and corporate players in local, regional & overseas markets.

All round excellence is the hallmark which has enabled Hotpack to grow from the strength to strength. It would continue to follow the same path of innovation & progress to deliver complete satisfaction to all its stakeholders.

Plastic is fantastic!

Plastic is strong, durable, versatile, lightweight, safe and inexpensive. It is made from a by product of oil refining which would otherwise be wasted, so nobody is importing oil to make plastic products.

However, the problem identified by governments and NGOs around the world is that plastic does last rather too long if it gets into the environment and especially in the oceans.

A well known company, Symphony has found the answer to this problem. Their d2w® additive put into the plastic at the extrusion stage will make the finished product "oxobiodegradable" so that it will degrade and disappear in a short timescale, leaving no fragments, no methane and no harmful residues.

Degradability is not a disposal option - you can still re-use and recycle - it is low cost insurance against the accumulation of plastic waste in the environment.

There is little or no on-cost, because d2w® environmentally-responsible plastic products are made with the same machinery and workforce as ordinary plastic and there is no need to change suppliers.

d2w® and the droplet logo are trademarks of a range of totally degradable flexible and semi-rigid plastic products and pro-degradant additives which are sold worldwide.

The disposable trays are rigid, lighter and smarter in appearance, not prone to softening, either in use or in storage.

The trays are sturdy and can be effectively used for frozen food, fresh food as well as bakery use.

- Features**
- No separate pads needed
 - Reduces handling of product
 - Increases hygiene and food safety
 - Liquid resistant
 - No leaking edges
 - 100% Recyclable

Customization Products

WHY IS BRANDING IMPORTANT?

We provide excellent facilities for printing cups, HD/LD bags, napkins, pizza boxes, cake boxes, lids, plastic bowls and whatever the packaging customers are looking for. Automation ensures that the machines produce high quality and hygienic printed products. Well equipped with a team of professionals to deal with all customer requirements from basic graphic designs and concepts to creative printing finished products.

We have our own in-house graphic design department that offers concepts leading to a new package look, that helps you to achieve the distinction and impact you want for your name and products in the market.

HOTPACK PACKAGING INDUSTRIES have stridently climbed to the peak of top notch business atrium, by having commissioned the top notch manufacturing facility at par with International standards, in DIP 1, UAE. The history of stepping into the region of UAE had begun in 1995 by having produced, marketed & trading, distribution of multiple varieties of Food packaging materials, in the form of Paper, Aluminum, Plastic, and Foam products.

ADVANCED PRODUCTION FACILITIES

The DIP manufacturing unit has been fully equipped with state of the art machineries, to have been manufactured wide & complete range of Food Packing Containers, under the strictest vigil of Quality aspects. We HOTPACK maintain uncompromised QC & QA standards, to meet all produced materials, in equivalent to International brands.

In hotpack group, we are committed to provide excellent service and quality. We collaborate with our customer and raw material suppliers to ensure a supply chain, which transform into reliable and timely delivery. Our friendly and experienced staffs are ever ready to help our clients with the best packaging solution. Quality products are synonymous with the hotpack and soft n Cool brands, and we take pride in our relentless pursuit of the highest quality achievable.
